

ShareFile for construction, architecture, engineering professionals

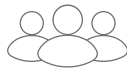

The simple way to keep projects moving on any device, any time.

Help your team be more productive with our easy-to-use solution.

Secure file sharing on any device

Easily share and receive large files—like project drawings, plans and specs—in a few quick clicks. No paperwork, thumb drives or passwords required.

Powerful collaboration capability

Launch a streamlined workflow to give and receive accurate, real-time feedback and approval on files, RFPs, images and more.

World-class integration

Easily connect ShareFile to the software and apps you use every day.

Secure remote access to desktops

Seamlessly access office PCs and apps from anywhere—home or job site—on any device.

Business-class security and reliability

Keep client and business information safe with more than 25 customizable security settings plus bank-level data encryption.

Easy-to-use interface and 24/7 technical support

Learn to use ShareFile in minutes. If you or your team members need help, get support around the clock from real people.
