

ShareFile for human resources

The all-in-one solution for file sharing, e-signatures and secure remote access.

Get any document signed in minutes

Get HR forms signed quickly and accurately—from across the office or the globe.

Automate your feedback and approvals

Save even more time with guided feedback and streamlined approval workflows.

Send and share files without email restrictions

Send any file—up to 100 GB—easily through email or on the web. No plugins, usernames, or passwords required.

Get secure remote access any time

Give your teams the ability to directly access files and apps locked away on office computers—from any device.

Rest easy with bank-level data security

Protect confidential records and files with secure data encryption, plus legally-binding e-signatures.
