

# The all-in-one solution for file sharing, e-signatures, and secure remote access.

Help your team stay productive from any device, any time.

## Secure file sharing without the email restrictions

Get the ability to share and access all your files and content in a few simple clicks. No more cumbersome FTP, CDs or thumb drives required.

## Business-class security and reliability

Keep client and business information safe with bank-level data encryption and more than 25 customizable security settings.

## Secure remote access to apps and desktops

Access office PCs, servers and apps from any device, any time—all without the extra trip to the office.

## Documents signed in minutes

Streamline document signing and cut down the sales process by up to 93% with legally binding e-signatures.

## Powerful collaboration capability

Save up to 10 hours a week with streamlined workflows that boost productivity and help teams collaborate better—even when they're miles apart.

## Easy-to-use interface and 24/7 technical support

Learn to use ShareFile in minutes. If you or your team members need help, get support around the clock from real people.
